My perspective anyway... besides that do you know how many times he talked about his sexual habits with a person practicing to be a celibate monk, and the jokes. It became a violation of monk rules just to stay be around this guy. Seriously.

@quinn michaels I am really sorry to hear this. It's unfortunate. I wish the best for you both.

Then his utterly rude and demeaning behavior was just too much... this guy is always trying to put me in my place. At first I didn't notice, but later on when he started getting forceful about attacking Dave and George in every broadcast I got the point. Then in the background he was trying to groom me into recruitment to be in some team of united front against those guys. Which again I was there to talk about research. We can keep going... watch when Jason replies he'll talk about himself or get overly aggressive and attack me for something.

14:49 GOODMAN. But the point I am getting at.is ..for you ..,they knew, they were following you around, we saw these vans, we have evidence that Dave Acton [undersigned] was aware of your location.

15:11 GOODMAN. I know the evidence is real. [location data known by undersigned[]].

1:23:10 QUINN. We will talk more about Mr. Leaky on my channel this week, and some next week. Once I dig more into this German communications center that they are revealing the secret location of.

1:23:20 GOODMAN. Perhaps **Herr Sweigert** knows more about that.

1:23:24 QUINN. That's the other thing with the last name of **Sweigert**. These people come from. There family comes from that area from that time.

1:23:29 GOODMAN. Ya. Exactly.
